

TARYN AMBROSI

RESUME

Starting as an esthetician in 2018, I enjoyed the work but felt it didn't offer enough problem-solving challenges. Transitioning into web development as a junior developer, I've found a field that provides the level of problem-solving I was seeking. I'm now focused on gaining more experience and expertise in web development!

Overview

Drawing from my academic and professional background, I have acquired a diverse skill set applicable to the technology sector. My experiences have honed my abilities in adaptability, problem-solving, organization, teamwork, and open-mindedness. Furthermore, I have developed foundational proficiency in HTML, CSS, JavaScript, and C#.
